Human resources

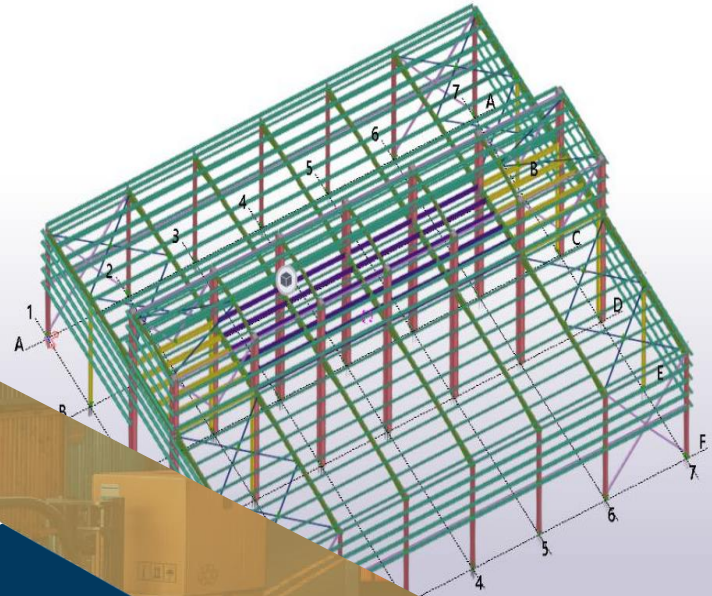

D.M.W. is ready to supply your company with high level certified labors, they have ability to work in hard environment, and they can DO any job perfectly, our manpower positions as follow

- Field Engineer
- Welding supervisor
- Fabrication supervisor
- LR. Certified welder
- Fitter
- Argon welder
- Rigger
- Grinder
- Painting supervisor
- Scaffolding Inspector
- Scaffold supervisor
- Scaffolder
- Helper
- Divers
- Testing Technical Operator
- Heat Treatment Operator
- Hydro Test Operator
- MPI Inspector
- Hardness Test Technical Operator
- Asst. Floor Man
- Floor Man
- Derrick Man
- Radio Operator
- Mechanic
- Electricians
- Blaster
- Painter

Services

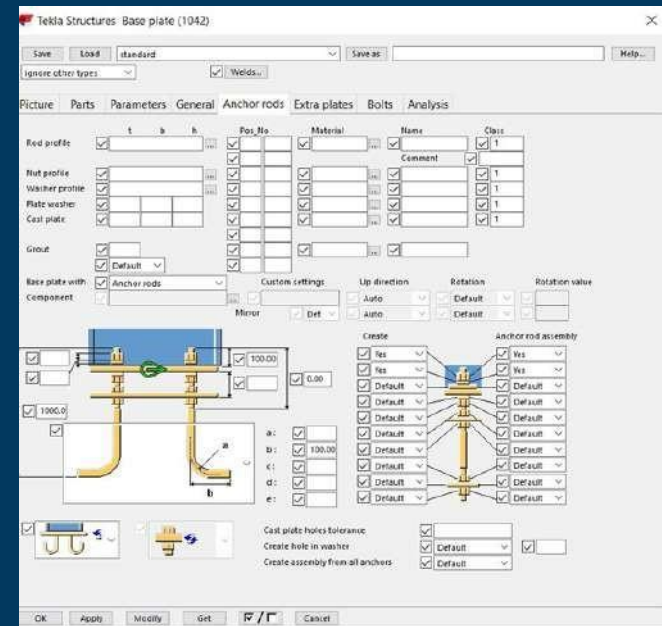

Design &, Technical
Capabilities

DMW provide a variety of innovative detailed engineering design services with professional standards, operations and maintenance, as well as the management of marine and construction projects by a group of highly qualified and experienced engineers.

An integrated technical office with professional capabilities of working through a set of design programs, such as:

- AVEVA
- AUTOCAD
- SOLIDWORKS
- MAXSURF
- ANSYS
- SAP
- PRIMAVERA P6
- TEKLA STRUCTURAL

Services

Rental Equipments

all these construction equipment hiring services are widely demanded by numerous industries like construction, engineering, automobile and electronic. Our services are executed as per the specification detailed down by the customers for winning their trust.

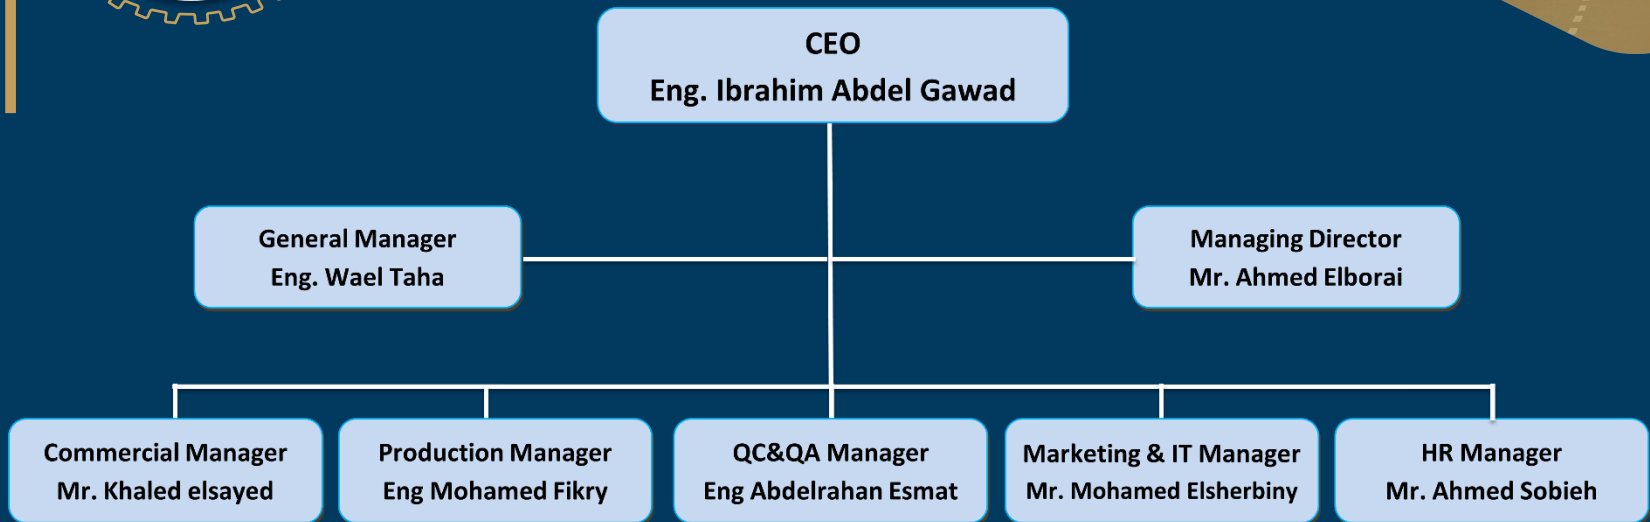

Rental Equipments

Organizational Structure

We always strive to satisfy customers by providing high quality services at competitive prices in the field of general contracting, services and supplies.

We strive for sustainable growth to be the most trusted company at global levels in all operations and the most credible and honest in our relationship with customers.

Chief Executive Officer's word

We are pleased and honored to put in your hands a summary of our continuous experiences, and to convey to you a set of distinguished practical experiences and capabilities, and an overview of a track record of major national accomplishments and projects with the Suez Canal Authority and many leading bodies and companies and major contracting companies that gained us many experiences. Towards progress, development and growth. We have proven our proven competence during a long journey of overcoming challenges, no matter how difficult, and we are always proud of the high confidence of our customers and partners of our success with each achievement.

Given to us by all our valued customers, and above all, the high team spirit that spares no effort to achieve the highest goals and dreams in our company, one hand, whether partners, managers, engineers, technicians, workers and employees, we all work to achieve the demands of our customers with the highest quality and lowest possible cost .

The environment

Apply the highest standards and procedures for security and safety, and preserve the environment in which we do business.

Quality Management System

- Quality policy and objectives
- Occupational health policy
- Management team

Quality Policy

Our company always strives to achieve the highest levels of quality to gain customer satisfaction. That is why we have developed a quality management system based on the requirements and standards of ISO 9001.

We focus on continuing to improve the level of our services through the following policy:-

- Providing high quality products and services.
- Safe disposal of all waste that does not bring value to the customer in order to reach a clean environment.
- Create a competitive advantage for the client and the project.

As a general manager, I am fully committed to ensuring the implementation of this policy and objectives and the continuous improvement of the quality management system.

Quality objectives

proving the quality of products and services while achieving a reduction in costs and reducing wasted time and effort to improve the service provided to customers and gain their satisfaction.

Occupational Health and Safety Policy

Facilitating an environment where the health and safety of people and the protection of the environment are valuable as our moral compass.

Maintain an organizational culture as everyone respects individual contribution to achieve our goal and for continuous improvement.

Developing people's competence and exploiting our real wealth to achieve success.

Maintain compliance with and respect all local and international laws applicable, and where possible. Preventing pollution as reasonably practicable, we make our footprint on the environment through efforts to minimize waste, reduce emissions in the areas of industrial imaging and train environmental awareness staff.

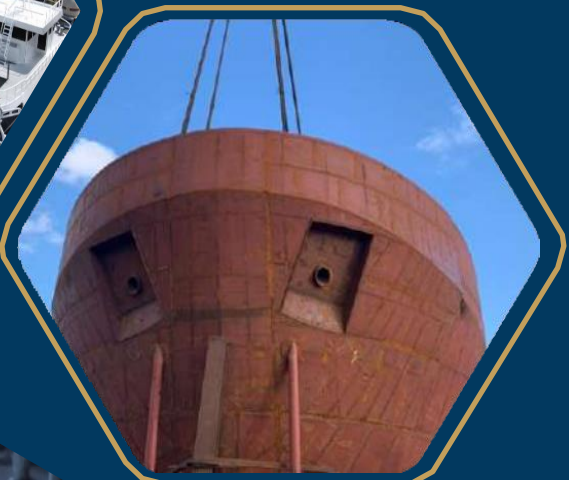

Identify operational risks and manage risks to a level that ensures the integrity of the operation and the safety of people.

Investigate all accidents identified during workplace audits and inspections.

Floating Bridges National Projects.

“EL NASR” & “NEMRA 6” & “QANTARA” & “EASTERN SARABIOM”
& “ELSHAT” & “RAS BANAS”

NAME	“EL NASR” & “NEMRA 6” & “QANTARA” & “EASTERN SARABIOM” & “ELSHAT” & “RAS BANAS” Floating Bridges
QTY.	6 Pontoons (1 Pontoon each floating bridge)
Owner	“Suez Canal Authority”
Shipyards	“Port said Engineering Works” “Suez Shipyard” “Canal Naval Constructions Co”

Some of our main
Projects

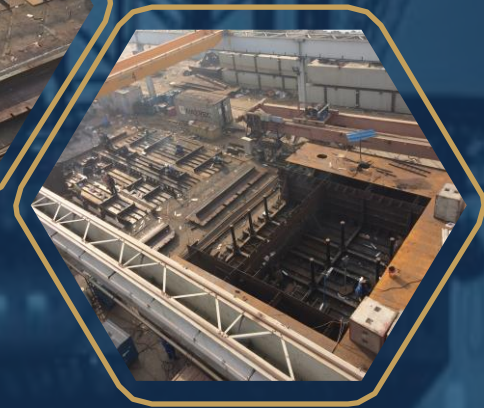

New Building

Floating Bridges National Projects.

“EL NASR” & “NEMRA 6” & “QANTARA” & “EASTERN SARABIOM”
& “ELSHAT” & “RAS BANAS”

- National projects of the floating bridges
concept using propellers and engine rooms.

Some of our main
Projects

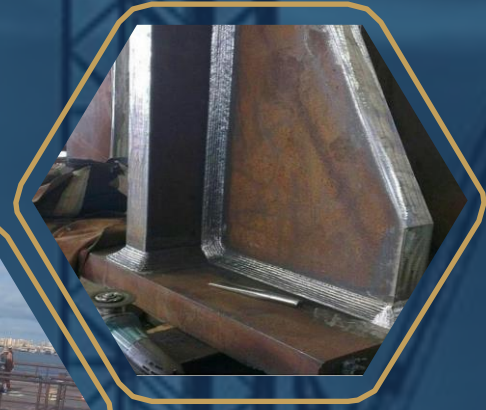

New Building

Floating Bridges National Projects.

“EL NASR” & “NEMRA 6” & “QANTARA” & “EASTERN SARABIOM”
& “ELSHAT” & “RAS BANAS”

- New building of 1300 tons Approx.

Some of our main
Projects

New Building

“BOURBON THOR”

NAME	BOURBON THOR
IMO No.	9351189
Owner	“Bourbon Supply Investment”
Shipyard	“Port said Engineering Works”
Date	16/5/2013

Some of our main
Projects

Floating Repair

“BOURBON THOR”

- Renewing steel and welding.
- Piping works.
- Underwater temporary repair until docking.

Some of our main
Projects

Floating Repair

Fishing Vessels 23.9 M National Projects

“TAHYA MISR” & “WATANEYA”

NAME	“TAHYA MISR” & “WATANEYA” Fishing Vessels
QTY.	8 Fishing Vessels
Owner	“National Fishing Company”
Shipyards	“Port said Engineering Works” “Suez Shipyards” “Canal Naval Constructions Co”
Date	Starting 2017

Some of our main
Projects

New Building

Fishing Vessels 23.9 M National Projects

“TAHYA MISR” & “WATANEYA”

- A national Project to empower the Egyptian National Fishing fleet with 100 new fishing vessels.

Some of our main
Projects

New Building

Fishing Vessels 23.9 M National Projects

“TAHYA MISR” & “WATANEYA”

- New building of 8 Fishing Vessels LOA 23.9 m
total weight of 1000 tons steel Approx.

Some of our main
Projects

New Building

Floating Docks 25000 Tons & 10000 Tons

NAME	Floating Docks 25000 Tons & 10000 Tons
Owner	"Suez Canal Authority"
Shipyard	"Port said Shipyard"
Date	11/12/2013

Some of our main
Projects

Floating Repair

Floating Docks 25000 Tons & 10000 Tons

- Renewing steel 40 tons approx.
- Renewing pipelines 1565 M length approx.
- Installing and testing the Longitudinal and Transverse Deflection System for the floating dock.

Some of our main
Projects

Floating Repair

“MAERSK IRUN”

NAME	“MAERSK IRUN” container ship
IMO No.	9175779
Owner	“A.P.Moller”
Shipyard	“Canal Naval Construction Co.”
Date	9/9/2014

Some of our main
Projects

Floating Repair

“MAERSK IRUN”

-Renewing side shell steel due to an accident.

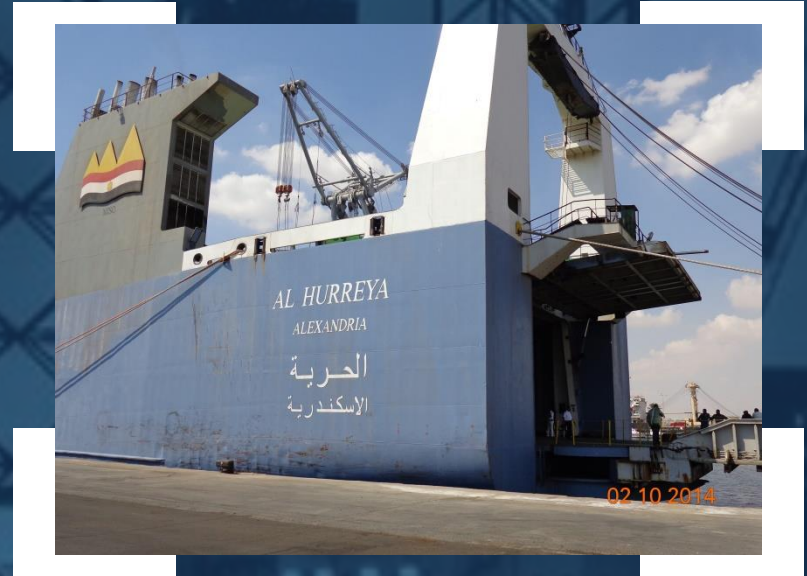

Some of our main
Projects

Floating Repair

Loading Elevator “ALHURREYA ” RoRo Ship.

NAME	“ALHURREYA” RoRo Ship
Owner	“National Service Projects Organization – Minister of Defence”
Shipyard	“Port said Engineering Works”
Date	11/10/2014

Some of our main
Projects

Floating Repair

Loading Elevator “ALHURREYA ” RoRo Ship.

- Repairing and renewing parts of the Loading Elevator using creative ideas while some of the cargo were stuck on the elevator.

Some of our main
Projects

Floating Repair

“PMS 48” Material Barge.

NAME	“PMS 48” Material Barge
IMO No.	8653449
Owner	“PMS PETROLEUM MARINE SERVICES”
Shipyard	“Port said Engineering Works”
Date	20/10/2014

Some of our main
Projects

Maintenance

“PMS 48” Material Barge.

- Renewing steel 53 Tons approx.

Some of our main
Projects

Maintenance

Ferry Boat 320 Tons.

NAME	"Sina 5" Ferry Boat
Owner	"Suez Canal Authority"
Shipyard	"Port said Engineering Works"
Date	21/11/2014

Some of our main
Projects

New Building

Ferry Boat 320 Tons.

- New Building 400 Tons Approx.

Some of our main
Projects

New Building

Floaters for dredgers discharge line

Diameter 1600 mm

NAME	"Floaters 1600 MM Diameter"
QTY.	18 Floaters
Owner	"Suez Canal Authority"
Shipyard	"Port said Engineering Works"
Date	30/03/2014

Some of our main
Projects

New Building

Floaters for dredgers discharge line Diameter 1600 mm

- New building of 240 tons Approx.

Some of our main
Projects

New Building

Welding Works of “Tahya Misr” Ferry Boat National Project

NAME	“Tahya Misr” Ferry Boat
Owner	“Suez Canal Authority”
Shipyard	“Canal Naval Constructions Company”
Date	2015

Some of our main
Projects

New Building

Welding Works of “Tahya Misr” Ferry Boat National Project

- A special ferry boat designed for the opening of the New Suez Canal.
- We had the honor to be part of such a Great project.

Some of our main
Projects

New Building

“MACCA” Maintenance

NAME	“MACCA”
Shipyard	“Port said shipyard”
Date	16-2-2015

Some of our main
Projects

Maintenance

“MACCA” Maintenance

- Replacing the seals for the charging hold.
- Replacing tanks supports.

Some of our main
Projects

Maintenance

“BEN NEVIS” Rig Maintenance & Overhaul

NAME	“BEN NEVIS” Rig
Owner	“EL HARAM Dredging Company”
Contractor	“Borhanco Company”

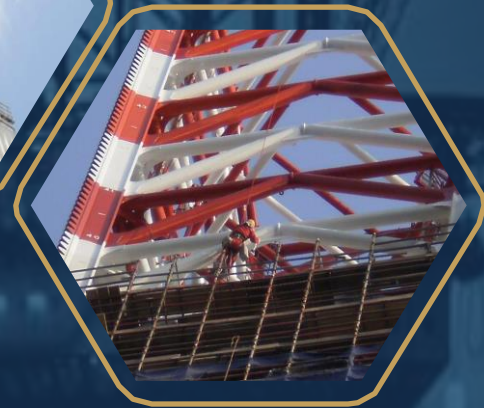

Some of our main
Projects

Petroleum Services

“BEN NEVIS” Rig Maintenance & Overhaul

- Changing 200 tons steel Approx. for the hull, deck, and 4 tanks of the jigs.
- 40 working days operation.

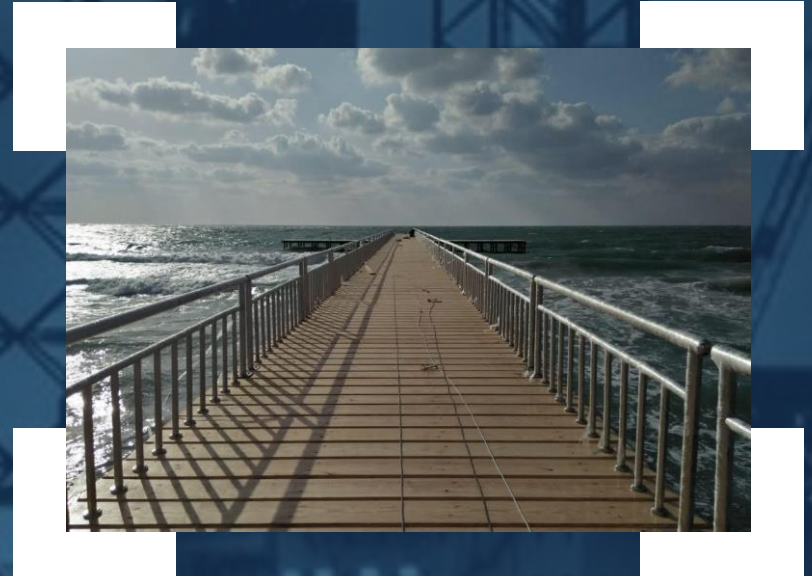

Some of our main
Projects

Petroleum Services

Marina 150 M of the shore.

NAME	“Elmamora Gharb” Mrina
Owner	“Armed Forces Engineering Authority”
Contractor	“Canal Ports Company”

Some of our main
Projects

Civil Activities

Marina 150 M of the shore.

- Building and installing a Marina 150 M from the shore line.

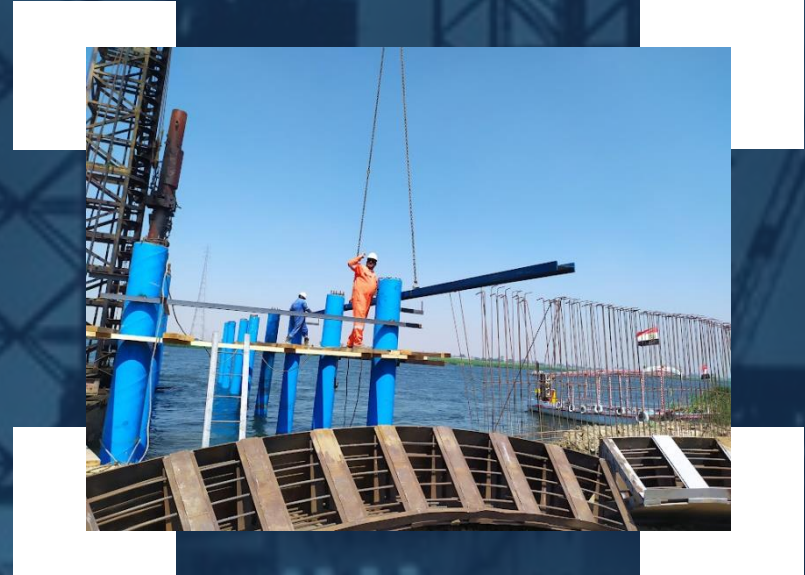

Some of our main
Projects

Civil Activities

Treatment station “Intake”.

NAME	Elsaff Treatment Station
Owner	“Armed Forces Engineering Authority” “Water Company”
Contractor	“Canal Ports Company”

Some of our main
Projects

Civil Activities

Treatment station “Intake”.

- Building intake for water treatment station at “Elsaf” center “Giza Governorate” .

Some of our main
Projects

Civil Activities
